

BB LOW STARCH PELLETS

LOW STARCH LEVEL

Aids in maintaining a calm, stable temperament. Reduces the risk of laminitis and colic. An excellent product to feed horses and ponies at the various levels of maintenance.

MULTIPLE PROTEIN SOURCES

12 % crude protein level from four different ingredients

VERSATILE NUTRITIONAL FORMULATION-

Moderate nutritional levels to help address the needs of equine maintenance and performance in various breeds and disciplines

VITAMIN ENRICHED – Complete vitamin balanced including A, D and E. Fortified with B vitamins, helpful in stress situations

BALANCED ENERGY

Lower starch levels combined with high fiber levels Provide a medium energy product for average body Condition and bloom.

CONVENIENT PELLETTED FORM

Ease of handling in summer or winter because it flows Easily. Does not attract flies like sweet feed.

HIGH CALCIUM LEVEL – Helpful in appropriating enough calcium where the forage fed is low quality grass hay.

PURPOSE STATEMENT- A Quality Equine Feed Formulation For Mature Horses
