

BB GOAT PRO 1704 **RPU D8235CAU**

ALL NATURAL PROTEIN- No urea or NPN added to insure the highest possible feed intake. with the exception of ammonium chloride which helps insure against urinary calculi in wethers. The 17% crude protein level insures growth and development

HIGH ENERGY- Balanced carbohydrate and fat levels provide body condition and presentation

PELLET FORM- Uniform pellets maximize intake.

BALANCED MINERAL LEVELS- Correct levels and balanced ratios of minerals to meet the needs of growth, and prevent urinary calculi.

ORGANIC TRACE MINERALS- Improved bioavailability can improve reproductive performance, and build immune response. Improves hoof strength and hair coat shine

DIATOMACEOUS EARTH – Included for a natural parasite control of internal parasites.

RUMENSIN – Improved growth promotion and feed efficiency. The most powerful coccidiostat option added to goat feeds.

Active Drug Ingredient

Monensin.....10mg/#.....20 grams/Ton

FEED TYPE- COMPLETE GRAIN

FEED FORM- PELLET

A Complete Grain Mix For Meat Goats

PURPOSE STATEMENT- For the Prevention Of Coccidiosis Caused By Eimeria crandalis, E. cristenseni, and E. ninakohlyakimovae

GUARANTEED ANALYSIS

Crude Protein (Min).....	17.00%
(This includes not more than 1.4% equivalent crude protein from non protein nitrogen)	
Crude Fat (Min).....	4.00%
Crude Fiber (Max).....	11.00%
Calcium (Min).....	0.70%
Calcium (Max).....	1.20%
Phosphorus (Min).....	0.50%
Salt (Min).....	0.25%
Salt (Max).....	0.75%
Copper(Min).....	15 ppm
Zinc(Min).....	160ppm
Selenium (Min).....	0.30ppm
Vitamin A (Min).....	10,000 IU/Lb

INGREDIENTS

Processed Grain By-Products, Grain Products, Forage Products, Roughage Products, Diatomaceous Earth, Calcium Carbonate, Lignin Sulfonate, Salt, Ammonium Chloride, Plant Protein Products, Animal Protein Products, Animal fat, Magnesium Sulfate, Potassium Sulfate, Vitamin A Supplement, Vitamin D3 Supplement, Vitamin E Supplement, Magnesium Oxide, Ferrous Sulfate, Cobalt Carbonate, Copper Sulfate, Calcium Iodate, Manganous Oxide, Manganese Sulfate, Zinc Oxide, Zinc Sulfate, Calcium Sulfate, Mineral Oil, Zinc Amino Acid Complex, Manganese Amino Acid Complex, Copper Amino Acid Complex, Cobalt Glucoheptonate, Selenium Yeast, Thiamine Mononitrate, Etylenediamine Dihydrodide

FEEDING DIRECTIONS

Feed complete feed continuously as the sole ration, or at the rate of 1 to 2 % of bodyweight daily. Make sure goats have access to clean, fresh water. and forage at all times. ADM Alliance Nutrition Goat Power Mineral should be fed free choice at all times.

CAUTION: Do not allow horses or other equines access to feeds containing monensin. ingestion of monensin by horses has been fatal. Monensin medicated feed is intended for use in cattle or goats, Consumption by unintended species may result in a toxic reaction. Do not exceed the levels of rumensin recommended in the feeding directions, as reduced daily gains may result. Do not feed to lactating goats. This feed contains a source of non protein nitrogen. The equivalent protein supplied by non protein nitrogen, should not exceed 1/3 of the crude protein of the total ration. Use only as directed.

Warning: This feed contains copper. Do not feed to sheep or other copper sensitive species. Angora and pigmy goats have been reported to be sensitive to copper supplementation.
