

WINNING EDGE

1406P

PELLET FORM- Pellets flow easily, with less handling problems. Product uniformity prevents ingredient separation. Improved digestibility.

DIGESTIBLE FIBER- High levels of fiber help maintain digestion and absorption of nutrients without sacrificing energy density

ADDED FAT- Provides a concentrated source of calories to help maintain body condition, improve stamina, and enhance hair coat shine

MINERAL LEVELS- Designed to match closely the naturally complexed trace elements in forages and grains. Bioplex minerals nutritionally “fit” animal metabolism to become more absorbable during digestion and more readily absorbable to meet physiological demands in organs and tissues. for growth, lactation and reproduction

VITAMINS- High A, D and E levels plus B Vitamins- Essential for metabolism and peak performance. Vitamin E level is 100 IU/Lb. A key antioxidant for body tissue repair

ORGANIC TRACE MINERALS - A balanced combination including, selenium yeast, zinc proteinate, manganese proteinate, copper proteinate, and iron proteinate, that can improve hoof condition, skeletal structure, balanced growth of bone and cartilage, health maintenance, skin and coat condition, nutritional support for reproduction and foal trace mineral status at birth

BREWERS DRIED YEAST- (Saccharomyces Cerevisae) – Helps with increased palatability and digestion especially under stressful conditions

FEED TYPE- COMPLETE GRAIN

FEED FORM- PELLET

PURPOSE STATEMENT- A Pelleted Grain Mix For Growth, Performance and Breeding Phases Of Equine Production.

GUARANTEED ANALYSIS

Crude Protein (Min)	14.00%
Lysine(Min)	0.60%
Crude Fat (Min)	6.00%
Crude Fiber (Max)	14.00%
Calcium (Min)	0.80%
Calcium (Max)	1.30%
Phosphorus (Min)	0.60%
Salt (Min)	0.50%
Salt (Max)	1.00%
Copper (Min)	60ppm
Selenium (Min)	0.7ppm
Zinc (Min)	220ppm
Vitamin A (Min)	6,000 IU/Lb
Vitamin D(Min)	1,000 IU/Lb
Vitamin E (Min)	100 IU/Lb

INGREDIENTS

Grain Products, Plant Protein Products, Processed Grain By-Products, Roughage Products, Forage Products, Vegetable Oil , Calcium Carbonate Monocalcium Phosphate, Dicalcium Phosphate, Salt, Zinc Sulfate Zinc Proteinate, Ferrous Sulfate, Iron Proteinate, Manganese Sulfate, , Manganese Proteinate, Copper Sulfate, Copper Proteinate, L-Lysine Ethylenediamine Dihydroiodide, Cobalt Sulfate, Menadione Sodium Bisulfite Complex (source of Vitamin K) Choline Chloride, d Calcium Pantothenate, Dried Yeast Fermentation Solubles, Selenium Yeast, Brewers Dried Yeast, Vitamin A Supplement, Vitamin D Supplement D-Alpha Tocopherol (source of vitamin E) Folic Acid, Vitamin B12 Supplement, Riboflavin Supplement, Biotin Supplement, Pyridoxine Hydrochloride, Niacin Supplement, Thiamine Mononitrate, Natural And Artificial Feed Flavors

FEEDING DIRECTIONS

WE 1406P is a high energy pelleted grain mix formulated with high levels of vitamins and minerals for balanced equine nutrition in all phases of horse production. Feeding rates for WE 1406P will vary based on lifestyle and workload. Consult with a Buckley Bros. representative for exact feeding directions. Feeding rates will vary from 0.5% to 1.0% of body weight daily (a 1,000 Lb horse may receive from 5 to 10 Lbs. of 1405P daily). Also, feed a good quality mixed hay at a rate of 1.5% to 2.5% of the body weight. Fresh clean water always should be available. WARNING: This feed contains copper. Do not feed to sheep or other copper sensitive species.
